Boxlight & CrisisGo Integration

Two Systems, One Safety Network: Alerts Triggerable from Either Side

ATTENTION! unifies Boxlight's FrontRow and Clevertouch ecosystems to deliver audio and visual alerting or to trigger an emergency notification and response.

CrisisGo's Safety iResponse connects staff, students and first responders in real time, so fast, informed decisions can be made.

Boxlight ATTENTION! Ecosystem with CrisisGo Safety iResponse

- **MyFrontRow App** — Application to control FrontRow classroom audio system
- **SMS or Email** — • School District Office • Law Enforcement or Fire Department • School Community
- **Safety iResponse** — Alerting and Emergency Communication Systems
- **FrontRow Classroom Audio Systems** — • FrontRow Teacher Microphone with Alert Buttons • Instructional Technology Control • FrontRow Classroom Endpoints
- **Interactive Flat Panels** — • Visual Alerting & Messaging • Front of classroom technology
- **Audio Everywhere** — • IP and 70V Endpoints
- **Conductor** (frontrow by Boxlight®) — IP-based solution for communication (bells, paging, PA, intercom, and alerting) and device management and control
- **CLEVERTOUCH® by Boxlight® / CLEVER LIVE** — Cloud-based digital signage platform
- **Digital Signage** — • Visual Alerting & Messaging
- **Cameras** — • LessonCam • Third-Party Security Camera
- **Network Devices** — (e.g., Door Locks, Panic Buttons, ClassLight, etc.)
- **Strobe Light**
- **TimeSign** — • Customizable Digital Clock • Visual Alerting & Messaging
- **Digital Signage Player** — • Non-Boxlight Digital Display (Visual Alerting & Messaging)

A Unified Ecosystem for School Safety and Communication

In a critical moment, communication delays cost time. This integration eliminates those delays by enabling real-time, two-way alerting and response — connecting your safety protocols with your classroom and campus systems.

- **Activate emergency alerts discreetly** from either platform, including teacher microphones, mobile apps or wall-mounted controls
- **Broadcast CrisisGo messages** across intercoms, classroom displays, digital signage and classroom audio systems
- **Integrate seamlessly** with Clevertouch panels, CleverLive signage and other ATTENTION! approved third-party devices
- **Support** tip reporting, behavior monitoring, threat assessment and incident management
- **Track student status** in real time and streamline reunification after an incident
